A & J Vacuum Services (AJVS.com) is your one stop destination for high vacuum sales and service. We can help you find a high vacuum solution for your specific needs or repair any equipment that may be giving you trouble. We carry all major high vacuum brands and new equipment is being added to our store on a daily basis.

We look forward to hearing from you. Please contact us if you have any questions..

Sincerely,

A & J Vacuum Services, Inc
973-249-0854 | service@ajvs.com

This estimate is based on the standard maintenance required for your unit. Any damage exceeding this level of service cannot be priced until the unit is evaluated. Upon completion of evaluation a final quotation will be sent to you based upon our findings.

A service RMA must be generated on our website for each piece of equipment before shipment. A user account will be required to initiate and authorize your service.

Please go to https://www.ajvs.com/new/rma_create.php for RMA generation.

If you have any questions please e-mail service@ajvs.com or call 1-973-249-0854.

All RMAs must be authorized through our website after evaluation. Do not initiate service on your account if you cannot submit payment or provide your AJVS account credentials to one of your colleagues. Once an RMA is initiated we cannot change the account it is linked to.

Please be advised that by sending in your equipment you have authorized us to, at minimum; partially disassemble the item for failure inspection and analysis. The act of disassembly and evaluation may permanently damage old seals and bearings. If the unit is subsequently deemed unrepairable or you decline repair and request the item to be returned unrepaired, we cannot ensure that it will be reassembled to working condition upon return.

If following our inspection you decide not to proceed with service, an evaluation fee will apply. Heavily contaminated units may be quoted with additional decontamination labor. Evaluation fees apply to all non-warranty services. Units returned under warranty that are found to be fully functional and/or not covered will be subject to evaluation and service charges.

1. EIN #81-0633618, DUNS #111069881
2. Our standard payment terms are mentioned above, unless otherwise stated.
3. We are not responsible for items left over 30 days form the estimate date.
4. All orders are subject to AJVS terms and conditions, located at https://www.ajvs.com/help?group=7
