A & J Vacuum Services (AJVS.com) is your one stop destination for high vacuum sales and service. We can help you find a high vacuum solution for your specific needs or repair any equipment that may be giving you trouble. We carry all major high vacuum brands and new equipment is being added to our store on a daily basis.

We look forward to hearing from you. Please contact us if you have any questions..

Sincerely,

A & J Vacuum Services, Inc
973-249-0854 | service@ajvs.com

This Estimate is based on standard minor maintenance, formal service Quotation will be send to you upon completion of incoming inspection of your equipment

Every piece of High vacuum equipment that you are planning to send to our facility for service must have RMA (Return Material Authorization) number generated, please follow this link www.AJVS.com/service.php to view video tutorial which will guide you through this simple process. Please login into your account and generate RMA online. If you have any questions please e-mail service@ajvs.com or call 1-973-249-0854.

A purchase order for the estimated refurbishment amount is also needed to process your RMA, if Credit Card would be your preferred option, please select Credit Card as Payment option. A&J Vacuum Services will send you formal service quotation after incoming inspection is completed, online checkout will be required.

Please be advised that by sending in your equipment, you have authorized us to, at minimum; partially disassemble the item for failure inspection and analysis. The act of disassembly and evaluation may permanently damage old seals and bearings. If the product is subsequently deemed un-repairable or you decline the repair and request the item to be returned as received un-repaired, we cannot ensure that it will be reassembled to working condition upon return.

Please note: If following our inspection and quotation you decide not to proceed with the repair, an evaluation fee will apply. Heavily contaminated units may be quoted with additional decontamination labor. Evaluation fee applies to all non warranty services. Warranty RMAs will be charge evaluation / inspection / testing /administrative fee if no faults are reported and unit is deemed functional.

1. EIN #81-0633618, DUNS #111069881
2. Our standard payment terms are mentioned above, unless otherwise stated.
3. We are not responsible for items left over 30 days form the estimate date.
